Offering AQA Level 2 Further Mathematics: Why and How Webinars

Academic year: 2026–27

Overview

Strengthen your Key Stage 4 curriculum and support students' progression to A Level Mathematics through the AQA Level 2 Further Mathematics qualification.

The webinar explores how AQA Level 2 Further Mathematics can enhance KS4 provision through enrichment, challenge and progression.

Features of the webinar:

- One standalone webinar ran four times over the academic year.
- Delivered on Zoom
- A PDF slide deck will be provided to all participants of the webinar

Webinar dates

The webinars will run from **16:30–17:45** and be delivered via **Zoom**. The content will be the same for all four dates throughout the academic year.

Webinar dates
Wednesday, 18 November
Thursday, 11 February
Wednesday, 12 May
Thursday, 24 June

What will you gain?

Strengthen KS4 curriculum provision - Explore how AQA Level 2 Further Mathematics sits alongside your KS4 curriculum and how it can complement your existing provision.

Support progression to A level Mathematics -Understand how the qualification prepares students for further study, and how it can be used to support confident progression from GCSE to A level Mathematics.

Introduce and embed the course effectively - Develop practical approaches to introducing, planning, and delivering the qualification within your department, including key considerations for delivery.

Eligibility - This webinar is free to attend. Priority will be given to teachers in state-funded schools and colleges in England.
