Core Maths Common Topics

Academic year 2026–27: Autumn cohort

Course overview

Our Core Maths Common Topics course is for teachers who are new to teaching Core Maths, returning to the subject, or teaching other Level 3 qualifications that use mathematics.

During the course you will explore how to use familiar statistical ideas and current issues in the news to bring mathematical methods to life.

Features of the course include:

- Six online sessions covering the common topics of Core Maths
- Support for new and experienced teachers
- Access to high-quality teaching and learning resources

Study Schedule

The sessions will start at various times and days and run for 90 minutes.

The course will run: **Tuesdays at 16:30 starting 15 September**, or **Saturdays at 09:00 starting on 7 November**. You will be asked to choose one of these schedules

Please ensure you are able to attend at least 75% of your chosen scheduled sessions before applying.

Session topic	Tuesdays at 16:30 dates	Saturdays at 09:00 dates
Estimation and modelling	15 September	7 November
Critical analysis and current affairs	22 September	14 November
Sampling and data	29 September	21 November
Financial Maths 1	6 October	28 November
Correlation	13 October	5 December
Financial Maths 2	20 October	12 December

Eligibility – This course is free to state-funded schools and colleges in England; teachers from other establishments will have to pay a fee of £215 to attend. Priority will be given to teachers in state-funded schools and colleges.
