Advanced Mathematics Support Programme

MEI®
Because maths matters!

Topics and Pedagogy for AQA level 2 Further Mathematics

Autumn cohort: 2026–27

Course overview

Deliver AQA Level 2 Further Mathematics with greater confidence, stronger subject knowledge and practical classroom strategies.

Designed for teachers who are planning to introduce the qualification, have recently started teaching it, or want to strengthen and extend their current approach.

Features of the course:

- Eight interactive online sessions
- Subject knowledge combined with practical pedagogy
- Opportunities to explore rich mathematical tasks and classroom approaches
- Support for teachers delivering AQA Level 2 Further Mathematics

Study Schedule

Each session will run for 90 minutes and held via Big Blue Button (BBB) which will be accessible via MEI's learning platform, Integral.

The course will run on **Tuesdays at 17:00**, starting on **06 October**.

Participants will receive one year's access to course-specific resources and recordings via Integral.

Please ensure you are able to attend at least 75% of sessions before applying.

Session topic	Date
Overview and Hidden Quadratics	6 October
Polynomials and the factor theorem	13 October
Trigonometry	20 October
Calculus	3 November
Matrices	10 November
Binomial Expansions	17 November
Algebraic techniques	24 November
Graphing and circles	1 December

Eligibility

Free for teachers in state-funded schools and colleges in England (£215 for other participants).
