## Discover Trigonometry

### London

9th January 2019

#### Overview

GCSE Mathematics is more demanding than ever, with new Higher Tier content supporting a national drive to increase the number of students studying maths post-16.

This day follows the development of trigonometry from Key Stage 3 to A level Mathematics, considering a range of ideas whilst also reflecting on the teaching and consider the 'big picture' of each topic within the wider curriculum. It forms part of our *Discover GCSE Maths* suite of courses, aimed at supporting teachers' own understanding of key Higher Tier topics, so that they can confidently lead their students through GCSE into studying post-16 maths.

#### Aims

- Enhance subject knowledge at Key Stage 3 and explore how this topic is expanded upon for KS5 maths qualifications.
- Preparation for using classroom resources and powerful visual representations with students.

#### Who will benefit from attending?

GCSE Mathematics teachers who want to increase their confidence with teaching trigonometry for Higher Tier GCSE.

#### Content

- Trigonometry in right angle triangles
- Exact trigonometric values
- Trigonometry beyond  $90^\circ$  and trigonometric functions
- Transformations of trigonometric graphs
- Solving trigonometric equations

#### Cost

*Discover Trigonometry* is free to state-funded schools and colleges.

If you are working in a state-funded school or college, participation in this course attracts a £100 subsidy, subject to engagement and completion of the course.

Schools and colleges located within [Priority Areas](#) are eligible to receive a further subsidy of £150 to support staff cover and travel costs.

## Key Facts

<b>Event ref:</b>	#5290
<b>Audience:</b>	Teachers
<b>Curriculum focus:</b>	11-16 maths
<b>Event format:</b>	Face-to-face Professional Development
<b>Event length:</b>	1 day
<b>Region:</b>	London and South East
<b>Venue:</b>	National Council for Voluntary Organisations (NCVO), Society Building, 8 All Saints Street, London, N1 9RL
<b>Date:</b>	Wed 9th Jan 2019
<b>Course times:</b>	09:00 - 15:00
<b>Fee:</b>	Free
<b>State-sector subsidy:</b>	£100
<b>Priority Area subsidy:</b>	£250
