

Wakefield & Kirklees Teacher Network

KS5 Network Meeting

24th January 2019

Overview

The Kirklees & Wakefield KS5 Mathematics Network is an AMSP-funded project allowing teachers of maths to meet, to collaborate and to share professional development. We meet termly and the programme is a mixture of informal sessions and speaker-led training events.

Content

This network meeting will provide an opportunity to review the new Mathematics A level examinations which took place in summer 2018. We will consider the exam papers and the examiners' reports, and think about:

- How different the assessment has been.
- What students did well, and what they need to improve.
- Implications for teaching and planning.
