Introduction to Pure Content in AS Further Maths

Solihull

24th June 2019

Overview

*Please note this event has been rescheduled from April and will now be on Monday 24th June 2019

This course is an ideal opportunity for those teaching further maths for the first time.

The course will explore the main, related topics within the curriculum at AS level. It will include excellent teaching resources, with a look at how to incorporate the use of technology. There will be opportunity to share ideas and best practice.

Aims

- To give an update on Further Mathematics qualifications
- To introduce the main topics within the curriculum; including complex numbers, matrices and roots of polynomials
- To give suggestions for use of technology
- To advise on sources of additional resources

Who will benefit from attending?

This course is an ideal opportunity for those teaching further maths for the first time and for those looking to increase their knowledge, skill and confidence.

Cost

This event is free with thanks to the AMSP
