

Core Maths Teaching Workshop

Kingston

28th November 2019

Overview

An engaging event focused on supporting teachers with the delivery of the increasingly popular Core Maths qualifications as well as contextualised problem solving in other maths courses or courses with mathematical content. This day has been designed to complement our other Core Maths professional development opportunities.

Aims

- To provide teachers with teaching approaches useful for contextualised problem solving
- To provide teachers with the opportunity to investigate existing Core Maths resources including the new AMSP online platform
- To network with new and experienced teachers of Core Maths

Who will benefit from attending?

This course is suitable for anyone who is already teaching Core Maths this academic year or for teachers who are interested in finding out more prior to teaching Core Maths.

Content

09:30 – 10:00 Arrival and registration

10:00 – 10:30 Welcome and warm up question

10:30 – 10:45 Break

10:45 – 12:00 Interpreting graphs

12:00 – 13:15 Excel for financial maths

13:15 – 14:00 Lunch

14:00 – 15:30 Investigating and sharing Core Maths resources including the new AMSP platform

15:30 – 15:45 Evaluation and close

Materials and Equipment

Please bring a laptop or tablet computer with Excel installed for the Financial Maths session.

If you are an existing teacher of Core Maths please bring along either your favourite resource or one you have developed yourself to share with other delegates.

Cost

State-funded schools, colleges and academies can apply to this course for **free**.

Schools and colleges located within [Priority Areas](#) are eligible to receive a subsidy of £250 to support staff cover and travel costs. For more information, visit our [subsidies](#) page.
