

Little Heath Teacher Network

Preparing Students for A level - The 6 Concepts Project

24th February 2021

Overview

The Little Heath Teacher Network is an AMSP-funded project, allowing teachers of Maths in the Reading and West Berkshire areas to meet, collaborate and share best practice. We meet termly and the programme is planned by teacher request and will involve a mixture of informal sessions and training events

Content

Do you find that some students struggle more with the transition to A level Maths than others?

What can you do to support the transition from GCSE Maths to A level Maths?

Jo Sibley, Online Professional Development Lead for the AMSP, will talk about the 6Concepts project; a project to support the transition from GCSE to A level Maths. She will talk about the key ideas behind the project, what it is and how it might be used within your department to consider how you approach key topics in order to ease the transition from KS4 to KS5.

The project is suitable for all teachers to take back to their departments, especially but not only KS5 coordinators or others holding positions of responsibility within the Maths Department. It is suitable for schools with A level provision as well as FE colleges and their feeder schools.

Materials and Equipment

To get the most out of the discussion, you will need a microphone available. If you wish, you are welcome also to use a webcam in the session for better communication. If you are not yet confident with using a microphone in an online classroom, please watch the two videos on this page before the session: <https://amsp.org.uk/about/online-classroom-support>

A link to the session will be sent out at 4:15pm with the meeting starting promptly at 4:30pm

Key Facts

Event ref:	#8063
Audience:	Teachers
Curriculum focus:	A level Mathematics, 11-16 maths
Mathematical focus:	Leadership, Curriculum planning
Event format:	Network meeting
Event length:	1.5 hours
Date:	Wed 24th Feb 2021
Course times:	16:15 - 17:45
