Live Online Year 10 Inter-School Maths Competitions

Online

9th July 2021

Overview

The East of England Team are hosting an Online Maths Competition for Year 10 students across the region with multiple dates and time slots.

Students will work in teams of 4 or 5 on problems, before submitting their answers online. Each team will need a computer, tablet or phone.

This is a LIVE event - questions will be streamed into the classroom, answers will be checked and scores given after each question. This is a fantastic opportunity for your students to compete against each other, and against teams from other schools in the region.

Who will benefit from attending?

This event is aimed at Year 10 students.

The event is designed so that you can run it with an entire class, split into teams of 4 or 5 students. Each team needs a computer, tablet or phone.

You will need to supervise the class, but we are not asking you to mark answers or submit marks.

Materials and Equipment

The session will be streamed into the classroom, you will need access to suitable equipment so that both video and audio aspects of the session are accessible to you and your students. It is advised that the content of the session is displayed via an interactive whiteboard or a similar classroom technology so that students can see and hear what is presented clearly.

To enable you or your students to ask questions during the sessions, there will be a chat facility which you can type into.

Each team in the class needs to have access to a computer, tablet or phone to access the questions, submit answers and progress through the session.

Each team will also need pens and some paper.

Calculators are not allowed.

Other Information

We will be live streaming this event six times over four days to allow as many schools as possible to take part.

Each instance of this event will take approximately 45 minutes.

- Monday 5th July at 09:15 and 11:30
- Tuesday 6th July at 14:15
- Thursday 8th July at 10:00 and 14:00
- Friday 9th July at 11:00

Click Apply to choose the session you would like to attend with your students and enter your school details.

You may sign up different classes to different sessions if you want - there is no limit to the number of teams from each school. Obviously, each class and team should only enter the quiz once!

Eligibility

All state schools are encouraged to attend.

Cost

This event is FREE!
