

Nottingham and Derby Online Network Meeting

Resilience in the Classroom

6th October 2021

Overview

This Resilience in the Classroom session will be led by Adrian Hall who is an Area Coordinator for the AMSP in the North West. We will look at which pedagogical approaches help to build resilience and independence when tackling mathematical problems and also the language and behaviours which help pupils to achieve this.

Aims

- Understand why some pupils give up when tackling maths problems
- Explore which pedagogical approaches help build resilience in learners

Who will benefit from attending?

Teachers of GCSE, A Level and Core Maths will benefit from this session.
