Oxfordshire and Buckinghamshire Online Network

Logic and Reasoning for Admissions Tests. Alexandra Hewitt will follow on from her very useful session in June.

7th October 2021

Overview

The Oxfordshire and Buckinghamshire Online Teacher Network is an AMSP-funded project allowing teachers of maths to meet, to collaborate and to share professional development. We meet regularly and the programme is a mixture of interactive discussion and speaker-led training events.

Agenda

- To consider in detail two areas in Logic and Reasoning
- To reflect on how and when you might use this material, together with questions from TMUA and MAT papers, with your classes.

Content

University admissions tests are no longer just for 'high-fliers' - all potential A grade students (as well as A* ones) will benefit from preparing for these exams. In this meeting we will look at the Logic and Reasoning content for the TMUA and consider ways of using the material with your students, noting that this will be equally useful for use with potential STEP and MAT students.

Alexandra will follow on from her session on Admissions Tests in June but you don't need to have attended that one.

This meeting is suitable for any Maths teacher. It is primarily for teachers from Oxfordshire or Buckinghamshire, but other teachers are welcome if there is space.

Materials and Equipment

The meeting will be on the Zoom platform.

The link to the meeting will be emailed in the week before the meeting.

You are advised to use a headset or headphones with an inline microphone to provide the best sound quality and to prevent audio issues for other users. A laptop with a built-in webcam and microphone may be sufficient if you're in a quiet area but please take the time to check this before the session.

In order to fully participate in the meeting please be willing to use your camera and microphone, although if this is impossible the chat option will be available.

As part of our safeguarding procedures please note the following:

- (i) It is important that you log in with the names you used when you registered for the meeting otherwise you may not be allowed into the room. If you prefer to use a shortened/alternative name, then do let us know via email in advance of the session.
- (ii) You must not pass on any of the registration or Zoom meeting details to anyone else.

Key Facts

Event ref:	#8820
Audience:	Teachers
Curriculum focus:	University admissions tests, A level Mathematics, A level Further Mathematics
Mathematical focus:	Problem solving, Reasoning
Event format:	Network meeting
Event length:	1.5 hours
Region:	South
Venue:	Online
Date:	Thu 7th Oct 2021
Course times:	16:30 - 18:00

Registration

For more information, or to register for this event, please visit <https://amsp.org.uk/events/details/8820>
