

Little Heath Teacher Network

Maths, Tea and Biscuits

19th January 2022

Overview

The Little Heath Teacher Network is an AMSP-funded project, allowing teachers of Maths in the Reading and West Berkshire areas to meet, collaborate and share best practice. We meet termly and the programme is planned by teacher request and will involve a mixture of informal sessions and training events

Content

An informal teacher network meeting with a focus on old A level/O grade exam papers (pre modules).

The session will involve getting stuck into some of these old exam papers and doing some of the Maths involved - we know you all love doing some maths!

Discussion will centre around the following:

- What is the same/different?
- How have exams changed - if at all
- How could these be used to support learning now
- Sharing your favourite old exam question

We will also focus on any other local issues that teachers wish to discuss.
