

NW Online GCSE Winter Series - Mathematical Reasoning and Proof

Online

2nd December 2021

Overview

The North West Online GCSE PD Winter Series is a series of four 90-minute PD sessions ideal for teachers of GCSE Mathematics. This series has been designed with the aim of meeting teachers' current needs.

Two key considerations that have been made whilst planning this series are:

- The need to differentiate effectively due to different gaps in students' knowledge
- Making links between different parts of the curriculum, to ensure efficient and thorough coverage

All sessions are free of charge and access to the resources used in the sessions will be shared after the event.

Aims

- To provide teachers with approaches to teaching a range of GCSE Mathematics topics
- To support teachers in differentiating to meet their students' needs
- To make links between different parts of the GCSE Mathematics curriculum

Who will benefit from attending?

This series is aimed at teachers of GCSE Mathematics. Some of the content covered will be higher tier only, but the ideas discussed will be transferrable.

Content

In this session, we will look at activities and strategies for developing reasoning skills for all of your students within your mathematics curriculum.

We will also explore a range of resources and activities designed to challenge students to think, reason, make connections and develop an understanding of basic mathematical proof.

Materials and Equipment

Sessions will be hosted on Zoom or BBB (using Chrome / Firefox). The session leader will contact you in advance to explain how to access the session and to list any additional equipment / software that may be required.

Key Facts

Event ref:	#9130
Audience:	Teachers
Curriculum focus:	11-16 maths
Mathematical focus:	Problem solving, Use of technology, Curriculum planning, Reasoning
Event format:	Live Online Professional Development
Event length:	1.5 hours
Online sessions:	4
Region:	North West
Date:	Thu 2nd Dec 2021
Course times:	16:30 - 18:00
Fee:	Free

Registration
