

# Implementing Core Maths Online

29th November 2021

## Overview

Professional development aimed at schools newly introducing Core Maths as part of their KS5 provision. There will be opportunities to explore schemes of work, resources, platforms for student/teacher use, recruiting, advertising the offer and time for questions.

## Aims

- To provide an opportunity to explore resources available for starting and running Core Maths
- To discuss ideas for initial implementation and recruitment for Core Maths

## Who will benefit from attending?

Teachers in schools who are new to delivering Core Maths.

## Materials and Equipment

This meeting will be held on Zoom. An invitation will be sent to you within 24 hours of event start. Please do not share this link with anyone else.

You are advised to use a headset or headphones with an inline microphone to provide the best sound quality and to prevent audio issues for other users. A laptop with a built-in webcam and microphone may be sufficient if you're in a quiet area but please take the time to check this before the session.

Discussion will be both via audio and the chat box. Please join with a microphone if possible. Joining with your camera on would be most welcome but, of course, not compulsory.

As part of our safeguarding procedures please note the following: (i) It is important that you log in with the names you used when you registered for the course otherwise you may not be allowed into the room. (ii) You must not pass on any of the registration or Zoom meeting details to anyone else.
