

## Dorset and South Wiltshire Online Network

### Advanced info for Exams 2022 - First Thoughts

16th February 2022

#### Overview

The Dorset and South Wiltshire Online Teacher Network is an AMSP-funded project allowing teachers of maths to meet, to collaborate and to share professional development. We meet regularly and the programme is a mixture of interactive discussion and speaker-led training events.

#### Agenda

- Advanced info for Summer 2022 exams
- Upcoming events
- AOB

#### Content

In this session we will discuss the advanced information provided by exam boards for the Summer 2022 exams and how we might make the best use of this material for both GCSE and Post-16 mathematics courses. This session is to share our first thoughts on the material provided and how we might be able to support one another. We will have the opportunity to discuss this further on 30th March in our next online network meeting.

#### Materials and Equipment

Please ensure you have a copy of the advanced information for your examination board(s) prior to the network meeting.

This session will take place on Zoom. You will be sent a link to the Zoom room the day before the network meeting. To participate fully in the discussion a video camera and microphone would be ideal, however you will be able to contribute via the chat function if you do not have a microphone.
