

Kent & Medway High Schools Network Meeting - Ashford

11th January 2022

Overview

We are pleased to announce the first events of this new project which are available exclusively to Kent & Medway High Schools.

Most of you indicated, when you registered for the project, that you would like to attend a Network event with other Kent High School Level 3 Maths providers, and we are pleased to facilitate this.

Content

We will provide refreshments from 16:00. The event will offer opportunities for you to explore and share experiences of delivering L3 maths qualifications within a High School Setting, explore Maths PD opportunities that we can provide your school and colleagues, and to gain some insight into Mastery in Maths. This is an event designed for you and we are happy to be steered by the group and explore ideas and issues that you bring.

Eligibility

Kent & Medway High School Maths Teachers
