

Top Ten Mistakes at GCSE (and how to avoid them!)

Online

2nd March 2022

Overview

We will look at common mistakes and misconceptions that students make at GCSE level (based on Examiners' Reports and Ofsted feedback) and we'll then look at how we can try and anticipate and avoid them with particular teaching methods and/or choice of questions/resource.

Aims

- To learn what the most common mistakes/misconceptions at GCSE are
- To identify ways we can teach differently so that pupils don't make those mistakes or suffer those misconceptions

Who will benefit from attending?

Teachers of GCSE Mathematics (Foundation or Higher)

Other Information

This session will be held on Zoom. A registration link will be sent nearer the time - please do not share this link with anyone else.

Eligibility

Free to teachers (including NQTs) in state-funded schools and colleges.
