

## Teaching Maths at a PRU

### Online

12th May 2022

#### Overview

Teaching maths at a Pupil Referral Unit (or in any Alternative Provision setting) has its own challenges, including often trying to teach to a small mixed ability GCSE class.

In this short session we will look at some pedagogical approaches and task designs that might work well in such a setting, allowing all pupils to access the content whilst still providing stretch and challenge for those in the class that need or like it.

#### Aims

- To look at pedagogical approaches which work well in small mixed ability classes
- To look at task designs and resources which work well in small mixed ability classes

#### Who will benefit from attending?

Teachers or TAs working in a PRU or other AP setting

#### Other Information

This session will be held on Zoom. A registration link will be sent nearer the time - please do not share this link with anyone else.

#### Eligibility

Free to teachers (including NQTs) in Alternative Provision settings
